**SUPPLEMENTARY INFORMATION:** Objections to the sale will be reviewed by the State Director, who may sustain, vacate, or modify this realty action. In the absence of any objections, this proposal will become the final determination of the Department of the Interior.

Publication of this notice in the **Federal Register** will segregate the public lands from appropriations under the public land laws, including the mining laws, pending disposition of this action, or 270 days from the date of publication of this notice, whichever occurs first. Pursuant to the application to convey the mineral estate, the mineral interests of the United States are segregated by this notice from appropriation under the public land laws, including the mining laws for a period of two years from the date of filing the application.
